

Projekter godkendt 2021	Land	Ansøgere	Projektbudget
Runde 1			
Test and promotion of a water-free de-scaling machine for fish	Spanien	Kroma AquaPri	990,500.00 kr.
Sustainable Water Supply to villages and townships, Bangladesh	Bangladesh	Suez water Vand og Teknik	2,543,000.00 kr.
Energy optimization within the German wastewater treatment sector	Tyskland	AL-2 Teknik Landia	878,850.00 kr.
Decarbonizing the heating sector in Germany by expanding district energy networks and integrating green technologies	Tyskland	Linka Energy EMD International Aalborg CSP	1,593,150.00 kr.
Decarbonizing the production of food and beverages in Germany through introduction of Danish energy efficient solutions	Tyskland	Au2mate Atcho-Engineering	1,296,375.00 kr.
Industrial Water and Wastewater Treatment for Ghanaian Food and Beverage Industries	Ghana	BioKube Norlex Chemicals	1,200,200.00 kr.
Runde 2			
Test and promotion of robotic adaptive moulds for composite and concrete in North America	USA	Adapa Holtec Automatic – Nord	1,157,000.00 kr.
Bæredygtig Byggepladslogistik	USA	SOLAR NT Consulting	1,954,355.24 kr.
Runde 3			
Breakthrough export of Channel-UV systems for wastewater disinfection in China and India	Kina og Indien	Ultraaqua Brønderslev Stål	1,677,000.00 kr.
Biological Pest Control Solutions in Poland	Polen	EWB Bioproduction	489,114.00 kr.
Green coating solutions for Swedish and Norwegian markets.	Sverige og Norge	ELPLATEK	1,314,000.00 kr.
Energy and water optimizing solutions for the U.S. food & beverage industry	USA	ALPHA-E, Eryk GEA Proces Engineering	1,250,680.00 kr.
Promotion of Danish Green-tech solution for the building sector in North America	USA og Canada	WindowMaster International	770,000.00 kr.
Implementation of public bike share systems in Finland	Finland	Donkey Republic	743,647.66 kr.
Introduction to Japan of Bioms Boilers for Rice Husk Fuel	Japan	LINKA ENERGY	778,728.00 kr.
